

NZ national Myrtle Rust (MR) surveillance

Data as of 2 October 2018

- ★ MR finds in September 2018
- ★ MR found before September 2018
- MR searched for but not found in September 2018
- MR searched for but not found prior to September 2018

Data compiled from:
Ministry of Primary Industries
Department of Conservation
Plant and Food Research
Botanic Gardens
inaturalist (Myrtle rust reporter App,
<https://www.inaturalist.org/projects/myrtle-rust-reporter>)

We would like to acknowledge the significant contribution from staff at MPI and DOC who were involved in collecting, compiling, anonymising and formatting the large amount of data since the beginning of the NZ MR response. This data was critical to improving the coverage and quality of data. Diagnostic validations were provided by plant pathologists at the Plant Health and Environment Laboratory (PHL-MPI).
